

THREAT SITUATIONS AND MULTIPLE ATTACKERS SEMINAR SATURDAY MARCH 2, FROM 13.00-17.30 @HAMEENKYRO, FINLAND

NO SUCH THING AS FAIR FIGHT...

Tactics in the situation are simple, the decision-making is not.

Taking the initiative and holding on to it, is the key.

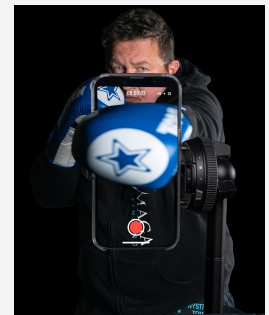

To be ready to strike pre-emptively needs solid justification and maintaining the ability to do it while de-escalating requires skill.

Dealing with the stress, fear and one's emotions while being ready to explode to action is our main focus.

Details

- Physical skills and tactical positioning
- Actions when you're surrounded
- Actions when taken to the ground
- Using distraction, deflection, disabling and disengaging
- Contact drills
